What I am thankful for

I am thankful for my family. I am thankful for them because they always support me in everything that I do. The person I am most thankful for in my family is my mom because she especially always helps me with anything I need help with and even if I say I am not sad she will still know I am sad and that is what I love about my mom.

I am also thankful for education. I am thankful for education because without it I would never be able to read, write, or do math. Another reason I am thankful for education is because who not be able to ever understand any signs, books, magazines, and texting my friends if I didn't know how to read or write. That is what I am thankful for this year.
